Forecast For East of England
Issued by Met Office Exeter
at 0400 on Monday 04 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold and breezy with rain or showers.

Today:
A rather cloudy start today with showery outbreaks of rain. This afternoon should turn brighter from the east with a mixture of sunny spells and scattered showers, these mainly close to coasts. Feeling bitterly cold in the northeasterly breeze. Maximum temperature 5 deg C (41 deg F).

Tonight:
A rather cold night ahead with further showers of rain and sleet, these especially wintry over any higher ground. Icy patches likely by dawn with a moderate northeasterly breeze throughout. Minimum temperature 0 deg C (32 deg F).

Tuesday:
Another cloudy day with persistent showers that perhaps merge into longer spells of rain. Showers likely turning wintry over high ground. A cold northeasterly breeze. Maximum temperature 5 deg C (41 deg F).

Outlook for Wednesday to Friday:
Sunny spells and wintry showers Wednesday. Freezing fog followed by rain and snow later Thursday. Cloudy initially, becoming brighter later Friday. Becoming increasingly cold with sharp frosts and icy patches.
